OFFICIAL

THE GREAT AMERICAN SMOKEOUT—THURSDAY, NOVEMBER 15, 2001: Smoking is the most preventable cause of premature death in the United States today. Approximately 48 million Americans currently smoke. Smoking causes heart and lung disease and is the single most important cause of cancer mortality. More than 4 in 5 smokers say they want to quit. The **Great American Smokeout** is a great way to start. This is a nationwide initiative that asks smokers to quit smoking for 24 hours. There are many programs and aids to help you quit. Information about the effects of smoking and smoking cessation will be available at all Occupational Medicine Clinics (OHF, LAC, SAC) on November 15, or anytime, during normal hours of operation. Smoking Cessation groups are available every Tuesday, 11 a.m. to 12 noon at the OHF. For more information please contact Patti Bell, 867-7398, email **Bell-1, Patricia** or Carol Roth, 867-3414, email, **Roth-1, Carol**. (TA-C2)

KSC FEDERAL EMPLOYEES—HEALTH BENEFITS OPEN SEASON—NOVEMBER 12 TO DECEMBER 10, 2001: If you are at work or have a "Kuda" account on your home computer, you can easily access Open Season information by typing this in the "address" block of your netscape/internet connection <http://ba.ksc.nasa.gov/benhltfair.htm>. Here, you will automatically be linked not only direct to the carriers' home pages, but receive important information about this year's open season period, etc. From home (or for complete FEHB Open Season information, go to www.opm.gov/insure/health/02 — comparison guides are available at this site (pages 12-15 of the guide apply to FL Plans available). Only AvMed in the Orlando area is available as an HMO to KSC local employees. We recommend you utilize the electronic method to not only compare plans, but make your election change via Employee Express www.employeeexpress.gov. If you have forgotten your EE PIN, you may order another on-line at this site. (BA-B)

EMPLOYEE EXPRESS & TSP ELECTRONIC METHODS OF COMMUNICATIONS: Have proven themselves to be secure, private methods of communication for the past several years. The only times either version has been unavailable has been due to "closure" for upgrading of the systems—increasing memory capacity and such and on those occasions, we have done our best to advise you in advance or explain why at their home page. So, please, this FEHB Open Season and TSP Open Season (for those of you already participating in TSP) utilize these methods for your transactions. If you need assistance, don't hesitate to contact us. We will meet with you as soon as possible, one-on-one! (BA-B)

KSC FEDERAL EMPLOYEES—PRUDENTIAL HEALTH PLAN ENROLLEES: You MUST elect another carrier for health benefits for the year 2002. The only other HMO available to Federal employees is AvMed of Orlando. IF YOU DO NOT LIVE IN ORLANDO—THIS PLAN IS NOT FOR YOU! (BA-B)

KSC FEDERAL EMPLOYEES—BLUE CROSS & BLUE SHIELD ENROLLEES: If you are now enrolled in BC&BS High Option (Code 101/102) you should know that your "code" and benefits will be changing next year. Your code and benefits will automatically be changed to BC&BS Standard (Code 104/105) for the year 2002. UNLESS YOU MAKE A NEW ELECTION THIS OPEN SEASON (November 12 to December 10, 2001)! BC&BS will be offering a "new" service called BC&BS Basic. Before you change to this—check out the availability of receiving benefits and the cost to you. (BA-B)

KSC FEDERAL EMPLOYEES—HEALTH BENEFITS IN GENERAL: Again, just as a reminder, dental, vision, hearing and such are not a LARGE part of the coverage available to you—no matter what plan you have. On the plus side, each plan does offer you the ability to secure reduced rates through their associates—so check out the resources available under each plan—including prescription pharmacy via mail—all these things go into making your out-of-pocket expenses a little less painful! (BA-B)

WIRELESS (CELLULAR) PHONES: Effective October 2, 2001, NASA policy prohibits the use of hand-held wireless (cellular) phones by KSC employees when driving motor vehicles owned, leased, or rented by the Federal Government. Approx. 50% of the exit doors at each facility are designated as non-smoking areas and areas near an air intake are also designated as non-smoking. A covered area for smokers at the Headquarters building has been proposed and approved for design. Timing of construction of the smoker's canopy is dependent upon available funding.
